

Licensees Compliance Assessment Report - Aggregate Resources Act

Background Information

Year: 2018

Licensee: **St. Marys Cement Inc. (Canada)**

Licence ID #: **624984 Codrington Pit**

MNR District/Area Office: **Peterborough**

Lot: **Pt. Lots 32-34**

Conc.: **6**

Geographic Twp.: **Murray**

Municipality: **Mun. of Brighton**

Observations

OPERATING STANDARDS		IN COMPLIANCE?			COMMENTS	Remedial Action?
		Yes	No	N/A		
A - Site Access						Y
A1	Boundaries (clearly marked)	✓			Fencing completed at boundary of West Parcel with east and south boundary demarcated as fence installation is offset from boundary to preserve tree line. Wood stakes at corners of East Parcel and remnants of old fence at boundary.	
A2	Entrance and Exits (location/closed)	✓			Off-site entrance for aggregate haulage at County Road 30 is gated. Farm access at Conc. 5 & 6 Road Allowance (Ferguson Hill Rd.) is also gated. Permanent entrance to West Parcel for aggregate haulage has been gated and gates installed at access road at north limit of hydro easement. Gates installed at West Parcel at location of proposed access between West and East Parcels.	
A3	Lease/Ownership/Extraction Agreement				Ownership	
B - Site Protection						
B4	Fencing	✓			See A1. Fencing at south and east boundary of West Parcel is off-set from boundary to interior of site except where fence connects with West Parcel gate at point of proposed access between West and East Parcels.	
B5	Fencing (site plan variation or temporary relief granted)	✓			East Parcel to be fenced prior to extractive operations (not required at this time).	
B6	Screening (trees/berms)	✓			West Parcel: Noise mitigation berms at southwest corner, south boundary and interim berm to west of active extraction area (see C10). Berm at east boundary is for topsoil storage only. East Parcel: No berms required at this time.	
B7	Setbacks (15m / 30m or other)	✓			Setbacks are in place.	
C - Operational Details						
C8	Operating Sequence	✓			Excavations ongoing at two locations in Phase 1, West Parcel.	
C9	Stripping (overburden)	✓			Overburden and topsoil stripped from former agricultural fields in Phase 1 has been used for acoustic and topsoil berm construction, respectively.	
C10	Overburden Seeded	✓			Overburden placed in vegetated berms.	
C11	Extraction Depth	✓			Extraction (at max. depth) is permitted to +/- 155 m (asl). Lowest floor elevation +/- 181 m	
C12	Buildings/Scales (location)	✓			None proposed. Shed to accommodate pump used in wash plant process. Scales, scalehouse / office are off-site at County Road 30 entrance.	
C13	Equipment (any specific conditions or restrictions)	✓			Five loaders in operation (shipping/extraction/plant supply), 2 under repair, 1 shovel (extraction), 2 'pit trucks'.	
C14	Plant (location/any specific conditions or restrictions)	✓			Portable wash plant, crushing plant and screening plant at Phase 1 northcentral pit excavation. Inactive screening plant at Phase 1 southeast pit excavation.	
C15	Scrap (location/removal)	✓			Scrap is removed on an ongoing basis.	
C16	Stockpiles (location)	✓			Stockpiles in extraction area at Phase 1.	
C17	Topsoil (location/seeded)	✓			Topsoil stripped from agricultural fields used in berm at east boundary.	
C18	Excavation Faces	✓			Multi-lift excavation ongoing in extraction areas as per C8.	
C19	Ponds (location/depth)			✓	Source and settling ponds built for portable wash plant.	
C20	Internal Roads (any specific conditions or restrictions)	✓			Internal roads for site preparation and haulage of material off-site.	
C21	Haul Routes (external/any specific conditions or restrictions)	✓			Off-site aggregate haulage is via north boundary of West Parcel, across hydro easement and through licensee owned lands including adjacent Archer Pit to County Road 30. Signs at 2 locations advising of public road haul route.	
C22	Blast Monitoring Report (quarries only)			✓		
C23	Dust Suppression	✓			Suppressant to be used as necessary.	
C24	Hours of Operation (any specific conditions or restrictions)	✓			Operational activities are in accordance (Mon. to Fri. / 7 am to 7 pm).	
C25	Well Monitoring Reports	✓			Groundwater level monitoring / reporting is carried out.	
C26	Identification Sign (as per Sect. 5.22 of Provincial Standards)	✓			Signs installed at three locations: i) County Road 30 off-site entrance; ii) West Parcel entrance at hydro line ; iii) Ferguson Hill Road farm field access at Conc. 5 & 6 Road Allowance (West Parcel). Signs will be installed at accesses between East and West Parcel when inter-parcel access is established.	
C27	Orderly Conditions	✓				
C28	Blasting Hours (quarries only)			✓		

Note: Any (✓ "No") requires completion of Page 3

Observations (continued)

OPERATING STANDARDS	IN COMPLIANCE?			COMMENTS	Remedial Action?
	Yes	No	N/A		
D – Rehabilitation					Y
D29 Disturbed Hectareage	✓			Current year - # of hectares <u>5.0</u> Total # of hectares <u>27.0</u>	
D30 Progressive rehabilitation	✓			Current year - # of hectares <u>0.0</u> Total # of hectares <u>0.0</u>	
D31 Sloping of Faces	✓			Not required at this time.	
D32 Grades/Contours/Elevations	✓			Not required at this time.	
D33 Importation of Material (inert)	✓			No importation of fill for rehabilitation purposes.	
D34 Vegetation	✓			Former agricultural lands at northwest part of the West Parcel (non-extraction area) have been re-vegetated and planted with conifer nursery tree stock.	
D35 Final Rehabilitation	✓			Not required at this time.	
E - Prescribed Conditions (For Licences issued after June 27, 1997)					
E36 Other Monitoring Reports	✓			Noise Monitoring Program as per Environmental Noise Monitoring Program & Complaint Procedure (Aercoustics, Feb. 24/13): Monitoring event was undertaken when extraction moved to southeast portion of West Parcel.	
E37 Requirements of C of A's	✓			Portable processing plants have operated this year in 'below grade' locations.	
E38 Noise Mitigation	✓			Noise mitigation berming has been constructed in accordance with approved site plan and site plan amendment for interim berm (see B6 and page 5 sketch).	
E39 Fuel Storage Tanks	✓			No permanent fuel storage on-site. Fuel tank associated with portable processing plant.	
E40 Spills Plan	✓			Corporate plan is in effect.	
E41 Permit to Take Water	✓			Permit issued for taking from two source water wells and pond.	
E42 Dust Suppression Measures Req'd. (Haul routes, equip, etc.)	✓			Suppressants used as required.	
F - Other Conditions (As indicated on either Site Plan or Licence)					
F43 Tonnage Condition	✓			650, 000 tonnes per annum (including up to 50,000 tonnes of material that may be imported for blending purposes).	
F44 Community Liaison Group (CLG)	✓			Public meeting held on April 10, 2014 in Codrington to organise CLG. Subsequent correspondence with interested community members has occurred. Most recent CLG meeting was held on April 25, 2018.	
F45 Alternate 'back-up' warning devices	✓			CBM has investigated alternative warning devices for use on CBM-owned equipment. Documentation of same has been provided to Municipality.	
F46 Complaint Response Procedure (Noise)	✓			1 noise complaint received in June 2018. CBM's internal 'Contact Record Form' was used to document the complaint and follow-up, which is equivalent to Complaint Form as per Environmental Noise Monitoring Program & Complaint Procedure (Aercoustics, Feb. 24/13).	
F47 Natural Environment Report	✓			<u>Installation of butternut tree protection fencing at south setback, West Parcel, is in place.</u> Planting of conifer trees at edge of forested areas that are to be retained (i.e. in excavation setback or non-extraction area) has been completed.	
F48 Archaeological Assessment and Ministry of Tourism, Culture and Sport comments	✓			<u>Buffer zone demarcation:</u> Archaeological sites are demarcated and have not been impacted by pit operations. <u>Markers at limit of extraction prior to extraction activities:</u> extraction limits adjacent to the archaeological sites will be demarcated prior to aggregate extraction occurring adjacent to the sites. Sites themselves have been demarcated. <u>Worker training program:</u> instruction has been provided to workers.	
F49 Visual Impact Assessment	✓			<u>Input from adjacent residents on berm construction:</u> Discussions occurred prior to construction with homeowner who responded to request (McNichol). <u>Variations in berm height / slope / orientation subject to noise mitigation requirements:</u> Berm at southwest corner of West Parcel has been built with a horizontal curve and final shaping. <u>Tree / shrub planting plan with input from adjacent residents:</u> Planting has taken place with input from McNichol. Other resident (Ferguson 'Estate') did not respond.	
General Comments:					
ARA Licence issued / dated January 30, 2014.					
Licence ID#: 624984 Codrington Pit
